

**Water District No. 2 of Cole Co  
Notice of Water Rate Adjustment**

The Board of Directors of Water District No. 2 of Cole County has approved a water rate adjustment that will take effect in **April 2026**.

Under the new rate structure, the price for water usage **over 3,000 gallons per billing period will increase by \$0.25 per 1,000 gallons**. The rate for the **first 3,000 gallons of water usage will remain unchanged**.

This adjustment is necessary to help cover the increasing costs associated with operating and maintaining the water system, including infrastructure maintenance, system improvements, and rising operational expenses.

**Examples of Monthly Impact:**

- 3,000 gallons → **\$0.00 increase**
- 4,000 gallons → **\$0.25 increase**
- 5,000 gallons → **\$0.50 increase**
- 10,000 gallons → **\$1.75 increase**
- 15,000 gallons → **\$3.00 increase**
- 20,000 gallons → **\$4.25 increase**

The district remains committed to providing safe, reliable drinking water while keeping rates as reasonable as possible for our customers.

Customers who have questions about the rate adjustment may contact the water district office at **(573) 635-7011** or **[pwsd2om@socket.net](mailto:pwsd2om@socket.net)**.

Thank you for your continued support.
