Dear PWSD #2 Customers:

Due to the increased number of our MXU's (electronic devices) being hit by lawnmowers, We will start charging for any new MXU's (electronic devices) that we have to replace. Those devices that have been hit by lawnmowers, ran over by vehicles or any other types of destruction.

We will fix the first one at no charge, after that a charge of \$132.75 will be billed to you to replace the broken MXU (electronic device). We will request payment within Thirty days (30) of Billing Invoice.

Please try not to run over these, it not only destroys our equipment but can destroy yours in the process.

If you have any questions please call our office at 573-635-7011 between the hours of 8:00 AM - 4:30 PM, Monday - Friday.
